Picture Retakes**Monday, October 27th****Halloween Fiesta****Friday, October 31st****Día de los muertos****Saturday, November
1st**

Celebration and remembrance of dead family members and relatives.

Matematicas/Mathematics

Thank you for all of your donations to the Food Drive! Our class collected 222 items. We were 2nd overall in collecting items and the students loved counting and adding to the thermometer on a daily basis. We are still practicing shapes and will make a shape collage out of magazines today. Friday we will do a skill sheet to assess your student!

Thank you for your patience! Our class wish list will be posted shortly on the web page and you'll find the start of our resource list attached to this newsletter. It is just the start of a list, feel free to contribute any resources that you have found to me and we can update the list throughout the year.

Parent Tip #3

Check out the resources at your public library for materials, events and much more!

Sonidos Iniciales/Initial Sounds

This week we added a new challenge, after going through the chant we covered up the pictures and just chanted the sounds without saying the picture. Our testing this week went well. Each student moves at their own pace during testing. Keep practicing at home and I will send the sound byte via email. It may not work for everyone, as I am not sure what software is compatible with it, but I play it on Windows Media Player. After conferences we will concentrate on set #2 – m, p, s, l.

Ask your student what shape is on the newsletter --- óvalo
