- Jan. 13- Late Start day
- Jan. 13- ISLA Board Meeting, 7pm
- No uniforms required tomorrow!
- Dec. 19- a concert at ISLA, 2:30pm

Ciencias/Science

We finished our unit on Balance and Movement. Over break the kids will have a final project to work on. Hopefully it will keep them from saying "I'm boooored!" 😊

IB Units

Sra. Baksic and I decided to switch a unit from 2nd grade to 1st, so instead of "Changes Through Place and Time," we will be starting a unit on **Family** after break. I think the kids will learn a lot and have a great time!

Matemáticas/Math

We had a busy week in math! We learned:

- How to count up and back on the number line by 2s, 3s, 5s, and 10s
- How to tell time by the half-hour
- Number patterns

We are flying through Unit 3! The homework supports what we are doing in class, so thank you for helping your child at home 😊

Thank You and Happy Holidays!

I feel so lucky to have such great kids in my class. I love coming to work each day and watching them grow as learners and people.

I want to thank you, the families, for all of your support and generosity.

Have a wonderful break, see you next year!
