## FYI...

- Feb. 9- PTO Meeting
- Feb. 10- ISLA Board Meeting
- Feb. 13 - Valentines Day Party

\*\*\* Students should make sure to bring winter hats, boots, snow pants, etc. each day. Sometimes the office has extras, but can't accommodate every day\*\*\*  
Gracias☺

## La Lectura

- The books continue to get longer and more complex. Please be sure to practice each night.
- We have been practicing more with sentence structure (capital letters and periods mostly). I emphasize doing quality work always! I like to see the kids trying to write neatly as best they can☺

## Matemáticas

This week we:

- Learned how to add with dominoes and played games with them.
- Took the Unit 3 Test
- Reviewed telling time and counting money.

Next week we will:

- Read thermometers
- Measure using nonstandard units (hands, feet, etc.)
- Learn about inches

Please continue practicing basic facts (addition and subtraction) at home.

## Ask a First Grader:

- What did you learn about someone else's family?
- Why do we have families?
- How do you add using dominoes?

## IB/PYP

We have only a few weeks left in our Unit of Inquiry, *Families*. I am excited to see all of their family trees on Monday!

At school we have completed Venn Diagrams about our families, painted portraits of our families, and written short paragraphs to go along with the portraits.

Sra. Bera (Srta. Bera's mom) came last Friday to talk about family and to read a story☺

Next week we will take a look at families around the world to see how we are all connected. Let's see what we discover!

## Palabras de la Pared

**Un rato-** A little while

**Mano izquierda-** Left hand

**Mano derecha-** Right hand
