Summer Camp:

Summer Camp here at ISLA is a great way for students to practice their Spanish during the summer, while having fun as well! We are still collecting camp registration forms, even though the deadline has passed. We hope your child will join us for this fun Spanish experience!

Special Visitor:

Srta. Petersohn (Now Sra. Bach) came to visit us today!! The students were so excited! She loved being able to see how much they have grown and how well they are speaking Spanish.

Science:

We are finishing up our unit on Solids, Liquids and Gases and will be moving on to a unit on Plants shortly. I will be sending home more information as we get started with this fun unit!

Uniform:

Now that the weather is changing, we have been seeing a lot of students coming to school out of uniform. Please remember that the uniform consists of a collared shirt in white, blue, or hunter green. These shirts should be a solid color and may only display a very small symbol. Pants or skirts can be either blue or khaki. Sweaters that are worn in class should also consist of the colors white, blue, or green. Thanks for helping your child remember to wear the uniform!

Coming Up:

- April 21st – McDonalds Night
