Special thanks to Mrs. Halls who did an amazing job creating a picture album for our classroom! The kids and teachers are delighted. There are so many things we can talk about and review through the wonderful memories! It is truly a beautiful project!! :)

Queridas familias,

This past week we began working on our summative assessments on “How do I become proud of my work?” Each afternoon we begin with responsive classroom games that are giving the children plenty of chances to practice mental math, letter name and sound recognition, spelling and reading of the sight words. Srta. Giovanna and I are very proud of all the children that have already presented! We can’t wait to see the rest of the presentations! Thank you very much to Ethan for presenting his grandfather, Rose for presenting her mom, Everett for presenting James Harriet, Averie for presenting her past pre-school teacher, and Damante for presenting his grandfather. The class was very excited to see pictures and to ask the presenters a ton of questions! Buen trabajo chicos! :)

Tabla curricular basada en los principios de B.I

Lenguaje:

- Sight words: Professions and jobs.
- Letter name and sound recognition.
- Books: “El musico” y “El constructor.”
- Inquiry Journal– Daily letter to families.

Matemáticas

- Mental math– Daily problem.
- Collection of Data through posters– “what I would like to be when I grow up.”
- Bar and line graphs
- Money counting
- Addition-word problems.

The Kindergarteners were asked to randomly pick five students from the classroom and write what they would like to be when they grow up. Once the data is fully collected the children built a graph to represent their findings.
