ISLA Summer Camp:

ISLA is excited to offer summer camp again this year! Keep an eye out for more details to come home very soon. Here's some basic info so you can begin planning. We will offer different sessions from June 22nd-July 31st with morning and afternoon sessions available. Some of the themes will be gardening, performing a play, art, dinosaurs, airplanes and rockets, and music. This will be a great way for students to practice their Spanish, while having lots of fun! More details are on their way.

Deportes Tomorrow:

Due to a schedule issue, the students had 3 days of music last week and only one day of gym. This week, they will have an extra gym day to make up for that issue. So, instead of music, the students will have gym. Please make sure they wear appropriate gym wear tomorrow!

Math:

Next week, the students will be starting a new chapter in math. They will be doing some activities to learn more about fractions! They will even begin learning about equivalent fractions.

Mapping Unit:

Our IB unit has been going great! The students have been learning about the different continents and oceans of the world and we now have about 30 postcards. Four have even come from different countries! The central idea for our unit is "Where people live affects how people live." The students have been exploring this central idea and thinking about how living in different areas of the world would be different from living in Minnesota.

Coming Up:

- March 17th – McDonalds Night
- March 17th – 4H Meeting 6:30-8:00
- March 25th – Report Cards Go Home
- March 26th-27th – No School
