Report Cards and IB:

Report cards will be coming home on March 25th. There will be a new IB assessment added to the report card. We have completed the unit on weather and are working on the mapping unit. Students will be assessing their own learning from the IB unit we have finished so far. That will be on another page, separate from the classroom subjects. You will see a grade from me and one from the student. If you have any questions regarding this please don't hesitate to ask.

Computers:

We have been using the computers to look at different areas of the world. The students went to Google Maps and used the satellite feature to look at different countries and cities. It has been a lot of fun to see them explore these different types of maps and learn about the resources available on the Internet for finding different places in the world.

Mapping Unit:

Here is an update on the postcards we are receiving. We have received about 50 postcards so far! We've received 8 from Europe, 1 from Australia and 1 from Africa! It's been fun to find the places on the map. Each student will get to take his or her postcards home at the end of the unit. In case you were not able to forward the email I sent, here is the school address where you can ask people to send postcards:

Sra. Baksic's Class
12007 Excelsior Blvd.
Hopkins, MN 55343

Coming Up:

- March 25th – Report Cards Go Home
