**Antarctica:**

We have been very fortunate to form a relationship with a woman working in Antarctica. The students wrote a list of questions for her and she wrote back with some great responses. We all learned a lot from her! It has been wonderful to be able to learn more about this continent that is so far away!

**Music Program:**

Tonight is the Spring Music Program. Please bring your child to our classroom at 6:45 and then you may go find a seat in the sanctuary. At the end of the concert, the students will be dismissed by class and the parents will find their children in the atrium. After hearing the students practice this week, I am very impressed by how well they perform the songs!

**Late Arrivals:**

There are some students who have been arriving quite late each day. Remember that we begin each day right at 9:00 am and need the students to be here before that time. The students can miss an important part of a lesson when they arrive late. It also takes up some of Sra. Smith's busy morning when she has to give students late passes and change the attendance on the computer.

**Coming Up:**

- May 14<sup>th</sup> – Spring Music Program, 7 pm
- May 19<sup>th</sup> – McDonald's Night
