

UPCOMING EVENTS:

Friday, May 15th

Día de espíritu escolar:
Pijamas/Pajamas

Wednesday, May 13th

La rana de la semana of
this week is Taevius.

Thursday, May 14th

Sharing this week about
Reflexivos/Reflective
will be Sam Du, April,
and Sophia!

Thursday, May 21st

Field Trip to Westwood
Nature Center! I appreciate
that so many parents would
like to personally transport
their students, but it would
be a more complete
experience if they rode the
bus with everyone. Thanks
as well to all the willing
chaperones, two have been
contacted. Please save your
enthusiasm for next year,
you can always ask to help
teachers plan, organize and
execute future field trips!

Friday, May 22nd

Kinder Music Concert
begins at 2:30pm

Sílabas/Syllables and Sight Words

This week we discussed another five sight words including: puedo, son, unos, unas, and cuanto. It is hard to believe that the school year is winding down and after the summer this class will be first graders. I anticipate evaluating your student at least one more time before the end of the year. Remember to check out ISLA's website for summer camps as an opportunity keep all the Spanish they've learned this year from leaking out over the summer.

Matemáticas/Mathematics

Visit this link to practice counting with a native speaker!
<http://voicethread.com/#u192247.b471623.i2509593>
Thanks to Mariana's generous contribution, your student can practice listening and interacting with numbers. Thank you for those who requested this practice and waited patiently! We've also begun our collection of rocks/colección de rocas for the classroom and our Museo de formas tridimensionales/Three dimensional shapes Museum. We look forward to your contributions!

Ciencia/Science

A big thank you to la familia Knopp for taking the time to share their animals with the class. Last week, we were able to see the pollitos/chicks with the other kindergarten classroom and this week we were able to have a visit with a couple of caballos/horses. It was a great opportunity to ask questions of the experts Sue and Louisa and have guided interaction with the animals as well. On a side note, our bad luck/mala suerte with the peces/fish seems to have gone away!
